

MONKSILVER PARISH COUNCIL

Dear Parishioner,

First Aid Training

As many of you will be aware, there is a defibrillator located in the laundry room at the Notley Arms public house. Whilst this equipment may be vital in saving a life, many of us are terrified at the prospect of having to use it. As time will be of the essence, Monksilver Parish Council (MPC) has secured free 1-hour first aid and defibrillator training sessions. The sessions will be limited to 20 people at one time and will take place during the Autumn, either on a weekday evening or Saturday afternoon at the EMN hall.

If you would like to take part in these sessions, please contact Paul Appleton via email at paulmappleton@gmail.com
